

Re: An Evening with BYSN Series April 21, April 28 and May 5

April 14, 2021

Hello Burnaby Students, Families and Staff,

We are the Burnaby Youth Sustainability Network (BYSN), a Burnaby school district organization that unites high school students who share the same interest and passion for sustainability and environmental issues. Our goal is to provide opportunities for the Burnaby Community to come together in positive ways and to gain knowledge about how to live more sustainably.

Currently we are planning a virtual event called *An Evening with BYSN*, where we will be joined by three speakers who will discuss what sustainability means, their involvement in the field and how we can improve upon sustainability in our communities.

1. On Wednesday, April 21st at 5:30 pm PST, we're honoured to have guest speaker Maria Fadiman from National Geographic and Florida Atlantic University speak about human interaction with Earth through plants.
2. On Wednesday, April 28th at 5:30pm PST, Mary Hotomanie will be joining us to speak about sustainability from an Indigenous perspective.
3. On Wednesday, May 5th at 5:30 pm PST, we will be joined by BYSN Executives to learn about sustainable diets, Indigenous diets and bugs for food.

We would be honoured if you could join us and learn about the importance of sustainability for the Earth and for future generations. To sign-up, please follow the form link:

<https://forms.gle/AZWzKpcan9bjp4wZA>. The Zoom link will be shared through a follow up email.

Thank you,

The Burnaby Youth Sustainability Network
